I'm writing on behalf of my brother, Kareem Hassan. At the time of his sentencing neither we nor his lawyer were aware that we can request a recommendation for him to be designated to Cadre at MDC, instead of Fort Dix in New Jersey as an FCI. Because our family has a hardship as we don't own a car and none of us drive nor have a driver's license, as it is too far away and out of reach. Under section 601 of the FSA, if requested and there is bed space availability, Kareem should be able to be designated to Cadre at MDC Brooklyn. As well as it is within his security level and he lives within the amount of miles that's stated of his family's residence.

Please if this request could be entered immediately prior to his designation it would help tremendously, as it would lift a great deal of stress from my mother and I.

Thank you.
